Operations Manager

Description

Our client, Assent Building Control, is a well-established, multi license, UK wide private Building Control Approved Inspector that provides a complete solution for all Building Control Services. They are at the forefront of building control in the UK with an excellent reputation, offering a high level of service. They deliver building control solutions on over 30,000 projects annually, nationwide, across a growing network of 60+ offices. Their qualified surveyors and experienced support teams build strong, long-term relationships with clients and are dedicated to providing a high quality and responsive service which achieves compliance and delivers safe, inspirational buildings for the future. An opportunity has now arisen for a Head of Operations who will oversee the efficiency of the divisions day to day business to establish effective and efficient operating procedures that maximise resources and develop planning solutions for optimal time management.
