Steel Fabrication Manager

Description

Rotational Mouldings Group Ltd is a well-established manufacturing business operating across three North West sites in Furness Vale, Rochdale and Bradford, specialising in the design and manufacture of high-quality rotationally moulded plastic products. With a long-standing reputation for quality, reliability and innovation, the business continues to invest in its people, facilities and processes. They are now seeking an experienced Steel Fabrication Manager to take responsibility for leading the fabrication operations at their Bradford site.
