

Facilities Manager

Location: Multiple sites across England

Salary: £45-50k + benefits (negotiable - depending on experience)

Job Type: Permanent

Can You Care For Our Clinics Like We Care For Our Pets?

Our client, The Pet Vet, were founded in 2011 and now operates 12 surgeries across the UK. They are passionate about delivering the very best care to pets and their owners, supported by a dedicated and talented team. With a growing network of practices and a focus on innovation, sustainability, and employee wellbeing, they are proud to have created an environment where people can thrive. Joining them means being part of a supportive, forward-thinking organisation that values professional growth, teamwork, and making a real difference every day.

They are seeking an experienced Facilities Manager to oversee all aspects of building operations and maintenance to ensure a safe, functional, well maintained and efficient environment. This new role will oversee day-to-day operations including repairs, maintenance, and compliance and you will coordinate a wide range of facility requirements from electrics, plumbing, heating and cooling, and waste management through to redecoration, reception refurbishments, and minor developments across multiple sites. The role also carries responsibility for site security, CCTV systems, sustainability initiatives, and emergency management and you will be required to travel between sites. In addition, you will supervise external contractors, ensure health and safety audits are completed with follow-up actions, prepare toolbox talks, and produce board reports highlighting trends and key compliance matters.

Our client is looking for a highly experienced facilities professional with strong technical knowledge of building systems, who is NEBOSH-qualified in health and safety compliance, and maintenance procedures. You will be highly organised, proactive, and confident managing budgets, contracts, and multiple priorities simultaneously. Strong problem-solving skills and the ability to make sound decisions under pressure are essential, as is the capacity to communicate effectively with colleagues, contractors, and stakeholders. A background in supervising teams or contractors, alongside a track record of delivering safe, efficient, and cost-effective building operations, will make you an ideal fit for this exciting opportunity.

Ideal skills and qualities for this role are:

- Can Do Attitude
- Highly Organised
- Team Player
- Uses Initiative / Pro-Active
- Relationship Builder
- Great Communicator
- Friendly & Approachable
- High Attention to Detail

If you would like to apply for this role, please send a copy of your CV quoting job ref. **UPR281** to Untapped Potential by email to applications@untappedpotentialtd.co.uk.
