

Project Engineer / Manager

Location: Greater Manchester (Milnrow)

Salary: c£40k+ bonus + company car (negotiable - depending on experience)

Job Type: Permanent

Booth
Air Conditioning

Looking For a Fresh Start in Project Management?

From their headquarters in Greater Manchester, Booth Air Conditioning maintain, repair and install systems in literally thousands of locations for more than 350 organisations each year in the north of England. Their clients include schools, colleges, universities, hotels, hospitals, healthcare centres, car dealerships, retailers, professional services and manufacturing companies together with private homes of all sizes. They have earned a strong reputation for quality, reliability, and personal service and, as they continue to grow, they are now looking for a Project Engineer / Manager to join their team.

In this role, you'll be responsible for managing air conditioning installation projects from start to finish – ensuring they are delivered on time, within budget, and to the highest standards. From carrying out detailed site surveys and preparing accurate cost estimations, to overseeing project delivery on-site and maintaining strong client relationships, you'll play a pivotal role in the success of each project. You'll liaise with our admin and labour teams to coordinate schedules, monitor progress through our CRM system, and provide clients with clear communication and confidence throughout the process.

If you have experience in HVAC project management or related fields such as commercial plumbing, heating, ventilation, or electrical installation - with a strong technical grasp of air conditioning systems - this role could be for you. It's also a great opportunity for a graduate with relevant HVAC or engineering qualifications to kick-start their career. You'll bring strong organisational and communication skills, thrive under pressure, and take a hands-on approach to problem-solving. A full UK driving licence is essential. In return, you'll enjoy a competitive salary, performance bonus, and company vehicle or car allowance - all within a supportive, ambitious team. This is a fantastic opportunity to join a growing business who are experts in their field.

Ideal skills and qualities for this role are:

- **Self Starter**
- **Natural Leader**
- **Excellent Communicator**
- **Resilient**
- **Flexible / Adaptable**
- **"Hands On"**
- **Good Under Pressure**
- **Highly Organised**

If you would like to apply for this role, please send us your fully detailed application, quoting job ref. **UPR282** to Untapped Potential by email to applications@untappedpotentialtd.co.uk.

We have a selection day planned for 17th October so please keep this date clear.
